columbine cares for seniors

SKILLED NURSING CARE

Nursing care is provided 24-hours a day by Registered Nurses (RN), Licensed Practical Nurses (LPN) and, Certified Nursing Assistants (CNA). Skilled nursing care is provided, including medication administration, laboratory work, intravenous therapy, wound care, oxygen management, skilled assessments and evaluations. Assistance in activities of daily living is provided, including bathing, dressing, mobility, and dining.

NURSE PRACTITIONER

Our facility hosts a Nurse Practitioner that works in collaboration with many Physicians in the community. A Nurse Practitioner is an advanced practice nurse with graduate degree level education. Nurse Practitioners practicing in our facility have special training in geriatric care.

PHYSICAL THERAPY

Physical Therapists address individualized needs for residents in the areas of functional mobility such as walking and stair climbing, balance, transfer training, strengthening, endurance, therapeutic exercise and use of mobility equipment.

OCCUPATIONAL THERAPY

Occupational Therapists address a resident's Activities of Daily Living (ADL's). These include dressing, hygiene, grooming, showering, transfer training, use of adaptive equipment, positioning in wheelchairs and, even meal preparation.

SPEECH/LANGUAGE PATHOLOGY

Speech-Language Pathologists work with residents in the areas of functional and augmentative communication, cognition, speech, reading, writing, language, voice, higher level IADL's such as medication and financial management, and swallowing.

RESTORATIVE NURSING

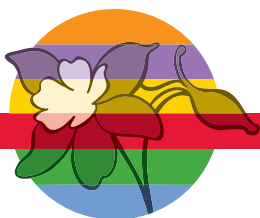

This program is designed for residents needing a functional therapy skill but not requiring the daily skills of a licensed therapist. Restorative aides may provide functional therapy, including ambulation, range of motion exercises, and assistance with eating.

SOCIAL SERVICES/ RESIDENT SERVICES

Our Social Services staff advocate for residents, coordinate individualized care plan meetings, assist with psychosocial needs, and utilize community resources to assist in providing care for our residents.

DISCHARGE PLANNING

Our interdisciplinary team will assess the needs for discharge to the community, provides education on available resources and, assists with referral for necessary services upon discharge.

WHAT OUR CLIENTS ARE SAYING

"As a two-time patient at Lemay Avenue, I can attest to the professionalism of their staff and the quality of the services they deliver. I would rate both top-notch! I highly recommend them to anyone in need of post-operative or other rehabilitation services." **Former resident**

"I am so thankful that my mom's last months were spent at Lemay Avenue. Everyone treated her with love and respect. She had wonderful care! Plus, it doesn't hurt how beautiful your facility is. Thank you from the bottom of my heart!" **Family member**

"Our dad loved each and every one of you who showed him so much tender love and care. While he was a resident at Lemay Avenue he always called this his home!" **Family member**
